FOR CASH ORDERS BEFORE MARCH 1

Most colorful of prostrate evergreens is **Andorra juniper**; its rich plum-purple winter foliage contrasts beautifully with the green conifers. We offer 100 only, beautiful shapely XX specimens, at greatly reduced prices:

12-18 inch per 10, **\$6.00** 18-24 inch per 10, **\$8.00**

Only 100 offered at these rates. Order yours early.

**Bar Harbor(?) juniper** Two varieties in this group; frankly, we're not sure either of them is Bar Harbor, though we bought them under that label. Prostrate varieties, 30 purple, 15 gray-blue, mostly 2-3 foot size, some over 3 feet. Dig them yourself and save. As is, in the field:

entire lot 45 XXX junipers, for **\$20.00**

If you want us to dig we'll ball them for \$15

**Colorado Spruce, green.** 300 only, XX stock. B & B. Until March 1 only, per 10:

12-18 in., **\$4.00** 18-24 in., **\$5.50** 2-3 ft., **\$8.00**

## We want to sell our glads

Simply have too much else to do and we're offering all bulbs and equipment to the highest bidder. Have a gob of Picardy, 2 tons of bulbs second year from bbs. (will run mostly 2's, 1's, and jumbos). A quarter ton of Picardy from bbs., thousands and thousands of the brightest, cleanest planting stock you ever saw. 2 bushels Picardy bulblets. Clean, 100% true to name. Also have in lots up to couple hundred pounds each: Maid of Orleans, Duna, Mildred Louise, Wasaga, King of the Oranges, Star Prince, Jane Addams, with several quarts bbs. each. Smaller lots of fancy new varieties—Phyllis McQuiston, Londonderry, Bolero, Miss Elegance, Early Melody, Ramesses, Rapture, and others, with bbs.

Also have 300 storage trays, 20x36x4, as good as new, some used only two seasons. Strongly built with reinforced corners, best grade galvanized 12-mesh screen bottoms, 1x2 runners for easy accessibility in racks. These cost us nearly 70 cents each.

We're more interested in quick sale than in profit. We might even be induced to forget a good-sized part of what it cost to produce this stock. Our gladiolus mailing list of 2,000 names goes with it.

Come up and look it over and take the whole works back with you at your own price. We're not planting glads this year.
